PUBLIC ADVISORY NO. 01-2021

On the Entry of Vaccinated Individuals into the Philippines

Members of the Filipino community in the Czech Republic, particularly those who are intending to travel to the Philippines, are advised to refer to the Inter-Agency Task Force for the Management of Emerging Infectious Diseases (IATF) Resolution No. 92 of 05 January 2021, item E:

*Cognizant of the current limited knowledge as to the effect of available vaccines on the transmissibility of COVID-19, **any individual arriving in the Philippines who may have received vaccination for COVID-19 in other countries/jurisdictions shall still be required to observe the mandatory testing and quarantine protocols.***

In view of the new variants of the SARS-CoV-2 and the attendant risks to their health and safety, members of the Filipino community may wish to seriously consider rescheduling their trips to the Philippines at the moment.

Thank you for your cooperation.

OMBRA T. JAINAL
Ambassador
